

A Chara,

As we approach the centenary of our club in 2024 we have a number of exciting plans in place to ensure that we continue to provide the best facilities that we can for all of our members, both players and non-players, and indeed for the wider Creggan Community. Our club is at the heart of our local community and it remains our ambition to provide and promote our Gaelic games and our cultural activities; to improve our social facilities; to provide community events; and importantly to provide the best playing and club facilities that we can. By doing these things we aim to keep all members of our local community engaged and active within our club.

Our progress over the past 10-15 years has only been possible through the generous support of our local community and in particular from our "Platinum" members who continue to donate a monthly contribution. These funds have mainly been used to service the clubs borrowing which was required to develop our main pitch, our 3G pitch and the club pavilion.

We are now relaunching the Platinum scheme as we endeavour to purchase additional ground to develop a 2nd playing pitch and further enhance our club facilities. In doing so, we are seeking your support by asking you to consider becoming a Platinum member to help with YOUR and OUR club's development.

The various Platinum membership options are listed overleaf and we would ask that you please take time to consider the options; and if you have any queries which you would like to discuss, please contact either myself as Chairperson, Colm McLarnon (Secretary) or Terry Robb (Treasurer).

Many of you will have attended our recent development meeting where we outlined our ambitious plans for the next 5 years. **These plans will only come to fruition if we can get as many members as possible to become Platinum members.** Your donation will contribute greatly to the club's development fund where you will be playing a massive part in leaving the club in a fantastic position for your own children and the generations to follow.

It will still, however, be possible to register children as per previous years by paying a one off fee and both of these options are listed overleaf.

Details of Registration nights will be communicated via your children's team managers and again you will be given a chance to discuss registration options on that particular night.

Is mise le meas.
